Work Experience

DIGITAL DESIGN DIRECTOR

2020-2023

Turnstyle

Seattle, WA

- Led digital design efforts and presentations, and worked cross-functionally throughout the project lifecycle, including scoping, strategy, UX/IA, interface design, and development.
- Communicated design intent and brought notional ideas to life by developing prototypes at varying levels of fidelity using Figma, After Effects, and/or HTML/CSS/JS.
- Ensured quality and fidelity of implementation by collaborating closely with development to contribute production-ready code and conduct quality assurance testing.
- Continuously improved and evolved our design process by vetting new tools and tech.
- Helped coworkers level up their digital design skills—with a specific focus on Figma and responsive web design—by conducting regular internal workshops.

DESIGN INSTRUCTOR

2018-2022

School of Visual Concepts

Seattle, WA

- Developed the curricula for and lead classes on visual/interface design fundamentals and portfolio/interview prep for UX/UI design students.

SENIOR DESIGNER

2018-2020

Turnstyle

Seattle, WA

- Led and/or contributed to a wide variety of projects including identity, packaging, print, and digital design for clients including Microsoft, Teague, Vulcan, and the Port of Seattle.
- Audited and overhauled our digital design process from first principles in collaboration with studio leadership.

INDEPENDENT CREATIVE

2015-2018

Andy Stewart Design, LLC

Seattle, WA

- Translated ambiguous ideas, values, and dreams into clear strategies and effective design solutions by working directly with clients and collaboratively with other studios.
- Managed all steps of a project, from business development through final delivery.
- Taught silkscreen and letterpress at the Vera Project and the School of Visual Concepts.

DESIGNER

2014-2015

Intentional Futures

Seattle, WA

Miami Ad School
(formerly Portfolio Center)
Atlanta, GA — 2011-2013

Journalism + Comm. Studies B.A.

Furman University
Greenville, SC — 2006-2010

References + Recommendations

“Andy’s among the most self-motivated, hard-working and thoughtful people I’ve ever worked with, and he’s an incredibly fast learner. He’s highly organized and a great systems-thinker, but somehow manages to balance that with a strong creative streak that means he’s able to innovate within structured systems. He’d be an asset to any organization looking for a smart, dynamic and curious design and tech leader.”

Ben Graham

Owner/Creative Director, Turnstyle

“I cannot overstate the impact Andy has had on both my professional growth and our collective success. As a developer with a background in design, I have had the opportunity to witness firsthand how our combined strengths led to the creation of some of the best work of my career. Andy possesses a unique blend of creativity and technical expertise, and he consistently goes above and beyond to ensure that our collaborations result in top-quality deliverables.”

R.J. LaCount

Lead Developer, Turnstyle

“No matter which hat Andy was wearing, he approached every assignment thoughtfully, artfully, and with a high degree of professionalism and collaboration. There aren’t many folks out there who are as solid at their craft as they are at their ability to clearly explain their approach. So, if you’re looking for a triple or quadruple threat, Andy’s your guy.”

Larry Asher

Director, School of Visual Concepts

“Andy has brought a unique skill set and perspective to our studio. Not only is he an incredibly talented designer, but we have relied on him for his technical and digital expertise. Andy has been proactive in understanding what tools and resources are available, testing them out and making recommendations back to the team so that we are staying ahead of the curve. Additionally, Andy has established strong rapport and trust with the client teams he has worked with.”

Stephanie Cooke

Director of Client Relations and New Business Development, Turnstyle
